DR. FERNANDEZ / NETS OF POLYHEDRA

Cube

Marker 01 / Scan. Predict. Unfold. Refold.

SOLID <---------- UNFOLD SLIDER ----------> NET

1. Open the activity link below on your phone.
2. Tap Start AR camera and allow camera access.
3. Point at the whole marker, then move the Unfold slider.

OPEN THE ACTIVITY

https://luisfernandez0422.github.io/UTRGV_math_manipulatives/nets-ar/

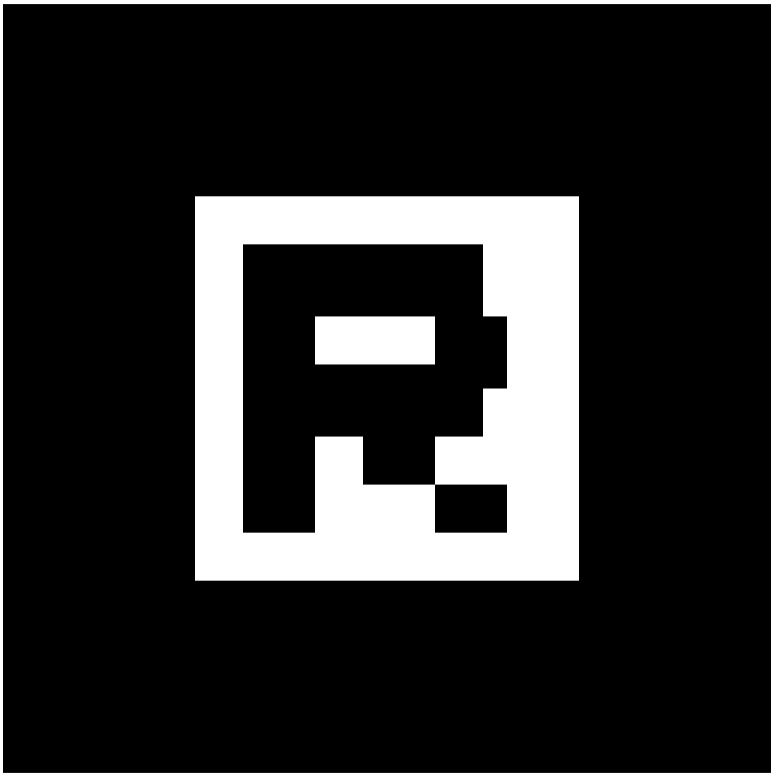

Which squares become opposite faces?

Print at 100% on matte white paper. Preserve the white margin around the black square.
Start 20-40 cm away; move farther back to view the full net. Use one sheet at a time.
This is a tracking marker, not a QR code. Open the activity link before scanning.

DR. FERNANDEZ / NETS OF POLYHEDRA

Rectangular prism

Marker 02 / Scan. Predict. Unfold. Refold.

SOLID <---------- UNFOLD SLIDER ----------> NET

1. Open the activity link below on your phone.
2. Tap Start AR camera and allow camera access.
3. Point at the whole marker, then move the Unfold slider.

Find the three pairs of congruent rectangles.

Print at 100% on matte white paper. Preserve the white margin around the black square.
Start 20-40 cm away; move farther back to view the full net. Use one sheet at a time.
This is a tracking marker, not a QR code. Open the activity link before scanning.

DR. FERNANDEZ / NETS OF POLYHEDRA

Triangular prism

Marker 03 / Scan. Predict. Unfold. Refold.

SOLID <---------- UNFOLD SLIDER ----------> NET

1. Open the activity link below on your phone.
2. Tap Start AR camera and allow camera access.
3. Point at the whole marker, then move the Unfold slider.

OPEN THE ACTIVITY

https://luisfernandez0422.github.io/UTRGV_math_manipulatives/nets-ar/

Which faces are bases? Which faces connect the bases?

Print at 100% on matte white paper. Preserve the white margin around the black square.
Start 20-40 cm away; move farther back to view the full net. Use one sheet at a time.
This is a tracking marker, not a QR code. Open the activity link before scanning.

DR. FERNANDEZ / NETS OF POLYHEDRA

Square pyramid

Marker 04 / Scan. Predict. Unfold. Refold.

SOLID <---------- UNFOLD SLIDER ----------> NET

1. Open the activity link below on your phone.
2. Tap Start AR camera and allow camera access.
3. Point at the whole marker, then move the Unfold slider.

OPEN THE ACTIVITY
